

Unknurled hexagonal plug assy.

Knurled cylindrical plug assy.

M83413/4-3
plug

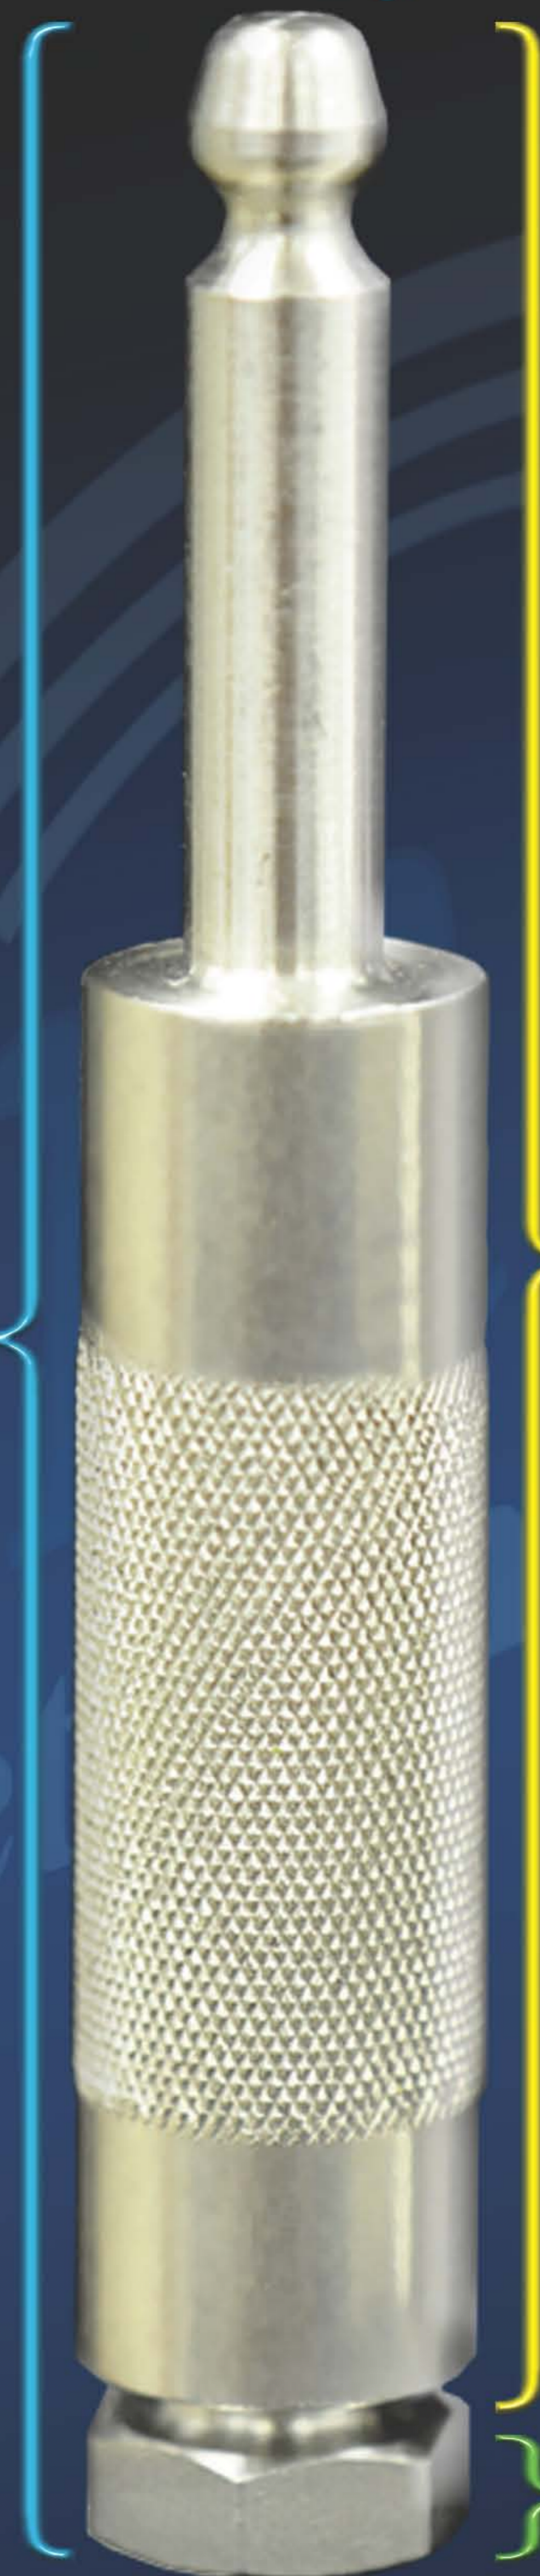

M83413/4-2
end cap

BOTH assemblies are recognized as
M83413/4-1 grounding plug assembly
and NSN 5935-00-572-5174

M83413/4-3
plug

M83413/4-2
end cap

Please note that the two plugs shown above, while different in form, are designated with the same part number (M83413/4-3). When an end cap (M83413/4-2) is attached to *either* plug, the resulting assembly is designated as M83413/4-1.

We only supply the plug and end cap as an assembly, in both the cylindrical and hexagonal body shape. If you have a preference, please specify when ordering the M83413/4-1 assembly. These two plug and cap sets are recognized by U.S. DOD and our allies as interchangeable assemblies.
